Basic™

NewHire Basic is great for do-it-yourselfers! *Basic* is the solution for small businesses looking to take full control of their hiring process with the power of our software.

Here's what you get with *Basic:*

1 Job Title

Elements allows you to hire unlimited people for one job title. For example, if you're looking to hire an Administrative Assistant, you can hire multiple people from one ad.

Recruitment Advertising

Our software packages include free advertising for your open positions on four job boards: Indeed.com, SimplyHired.com, Glassdoor.com and our NewHire Job Board. Additional premium advertising packages are also available. Learn more.

1 User

Basic allows access for one user.
