TTI Assessments

DISC Test.....Call for pricing
DISC testing provides insight into a candidate's behavioral style. It does not test intelligence or skill, but rather analyzes a person's manner of doing things and communicating with others

PIAV Test.....Call for pricing
PIAV testing identifies a candidate's unique set of personal interests, attitudes, and values. It provides insight into the source of a candidate's desire to become involved in or to avoid certain activities.

Job Benchmarking Tool.....\$495
Job Benchmarking gathers and synthesizes information from your current employees to produce an inventory of traits that a candidate might possess to encourage success in your open position.
